COL. I. N. FOSTER PROVIDES FOR POOR CHILDREN.

On Monday the will of the late Col. I. N. Foster was probated in the Mason County Court and among other things provided:

"I give and bequeath fourteen shares of the State National Bank stock to the State Trust Company, of Maysville, Ky., in trust, the interest from which is to be paid by it to my niece by marriage, Lida C. Creighbaum, for and during her life time and at her death it is my will and I so direct said trust company that said fourteen shares of stock are to be placed in the hands of a committee, which said committee is to be appointed by the Mayor of the city of Maysville at the time and thereafter at the beginning of each year from the members of the City Council, and whose duty it shall be to make a proper and equitable distribution of the income therefrom among the poor children of Maysville, same to be applied to clothing and the necessities of life. It is my wish that this bequest shall be known as 'The I. N. Foster Fund for Poor Children.'"

Colonel Foster was ever the friend of the poor and especially was he interested in the children who because they were too poor to have the proper clothing could not attend school. It was his custom to give to charity in such an unassuming manner that none but he and the recipient knew of his many kindnesses.

METEOR PASSES OVER CITY.

A large meteor of a brilliant red hue passed over this city in a northerly direction about 2:15 Tuesday morning. The rambling of the sky had a tall that was very long. After the meteor had passed from view beyond the Ohio hills the red glow could be seen for several minutes.

Mr. Ehens Brown, of the E. L. Manchester Produce Company, is spending his vacation rustating in the wilds of Lewis county near Springdale.

Mr. William Manwaring, of the Campbell county detective force, was a business visitor in this city Monday.

FOR SALE—Four-year-old harness or saddle mare, city broke. Inquire T. A. Keith, Jr., or phone 23.

Chief of Police Fred Link, wife and daughter, of Paris, were in this city Monday visiting friends.

FOUR DAYS

IN WHICH ALL CANDIDATES MAY REAP HARVEST OF SPECIAL 75,000 VOTE OFFER AND THEREBY SECURE WINNING VOTES.

Only four more days remain in which candidates in the Daily Bulletin-Public Ledger automobile campaign can get the thousands of extra votes that are offered on all subscriptions and dozens of the young ladies are busily engaged in gathering subscriptions of various lengths in order to build up the clubs. The candidates are beginning to discover how easy it is to accumulate sufficient to make a club of sixty months and thereby secure an additional 75,000 besides the regular votes to which each is entitled.

As long as the subscriptions are of four months or longer they may be included in the clubs. Where a number of clubs is not sufficient to aggregate sixty months a club of two and a half years may be formed, for each of these will win 37,500 extra votes.

The \$100 in gold seems to be a veritable magnet for candidates from every part of the Daily Bulletin-Public Ledger territory are anxious to place some of the coin in their purses. The gold will be distributed among the six candidates who turn in or send in to the campaign office before the expiration of the offer the largest amounts of cash on the subscriptions they secure.

Many of the candidates are sending in the subscriptions as they are secured, for not only does it relieve them until the end of the week, but they realize that accurate check is kept on them in the campaign office and that special vote ballots will be mailed to those who win them.

The regular votes obtained on all subscriptions and the special vote ballots awarded during this offer may be withheld until such time as the candidate may choose to deposit them in the ballot box. It is a good idea to send in sufficient votes to keep in the lead for then your friends may see that you are continually forging ahead in the race.

Exceeding care should be observed in filling out the stubs that are sent to the campaign office. Always make sure if a subscription you have secured is old or new and mark it correctly. Then insert the correct name and full address of the subscriber, for the papers are thereby enabled to deliver the paper promptly. Where these directions are not observed much misunderstanding occurs and the candidate is put to useless work in making the correction.

Again bear in mind that this special offer lasts only four days longer; it closes at 9 o'clock Saturday night, August 28. Any subscription clubs turned in after that hour will not receive extra vote ballots. Candidates residing in the country who mail their subscriptions to the campaign office may have all the clubs included in the offer, providing the postmark on their letter shows that it is mailed prior to 9 o'clock Saturday night.

TAKE INITIAL CONTEST

BUT HAVE TO GO INTO EXTRA INNINGS TO DO THE STUNT—PORTSMOUTH AND MAYSVILLE BATTLE TEN INNINGS.

The Portsmouth Cobblers made their initial appearance here Monday and before a small crowd made the Colonels hustle to take the game from them. As it was, the contest went an extra inning and for a time it was anybody's game.

"Muck" McGraynor was the hurler chosen by Manager DeBerry, and he delivered in a pleasing style and only one measly bingle and that of the meanest kind, was made from his offerings in nine innings, but in the ninth he weakened and four bingles, netting three runs, were made off him.

When it came to fielding, the west end of the Big Four, namely Emmer and Kelly, were the whole show, accepting and getting chances that would have been sure hits on any other players in these positions in the league.

Monday's win was the twentieth out of the last twenty-five played by the locals and is the eighth straight.

NOTES OF THE GAME.

The management of the Maysville Ball Club have designated next Thursday as Tag Day. Have you been tagged?

Umpire Mike Jacobs sure did believe in the "buy a bale of cotton" movement when he purchased that chest protector.

Umpire Mike Jacobs was rather off on balls and strikes Monday. This is the first time that the big boy has had the least trouble with his eyes in this city.

Catcher DeBerry was acting manager Monday, Josh Devore being laid-up. DeBerry showed appreciation of the honor by driving a three-bagger over center field.

Harry "Germany" Williams, a former member of the Maysville team when we were in the Blue Grass League, witnessed the game and was favorably impressed with the team.

The Portsmouth aggregation plays the most consistent ball of any team seen on the local lot this year. They are hard workers, and but for the injury of several of their best players, would have been no mean contenders for the flag in the second season.

Permitting live stock to ramble over the field of play when the team is away very nearly caused the local team to lose the game Monday. The hard-hit roller that Emmer was "set" to catch in the ninth, hit one of the impressions made by the hoof and bounded over his head, letting in two Portsmouth runners and causing the game to go into extra innings.

LADIES' DAY TODAY.

Today is Ladies' Day and the fair sex is expected to turn out in a body. Maysville is also expected to win, as it is the custom for them to annex the game on Ladies' Day, and whether it is that the fair sex by their gracious applause spur the boys on to greater efforts to land the game or that it is just old luck that the locals always manage to win the game on these days is not known. So let the ladies all be out this afternoon and root hard to bring the bacon into the camp of Manager Devore's boys.

A GREAT REDUCTION

In going over our stock we find that we are OVERLOADED, and have decided to REDUCE STOCK, and it goes at cost.

This space will not permit us to list it all. One great bargain is 100,000 feet of an EXCELLENT GRADE OF DAK SIDING. This goes at \$2 PER HUNDRED. All other yard stock greatly reduced.

Don't miss this opportunity to get what you want in lumber and building material at the lowest prices ever known in Maysville. Terms at this reduced price are CASH.

HERE IT IS.

Some of the rabid fans of this city have figured out the following dope: With the present lead that Maysville has over its nearest opponent in the race for the pennant, we can win if seven of the fifteen games yet to play are won and Charleston loses three of her fifteen games and Frankfort two of hers. As Maysville plays both teams a series of four games, it seems that judging from the present speed of the locals we will at least break even in our series with Frankfort and Charleston. If we do this and win another game the pennant is ours by a margin of about ten points. This appears easy to do and with the help of the fans Manager Devore says he can do it. Let's get together, fans.

ASKS FOR DIVORCE.

Maudie Darnell filed a suit for divorce against her husband, F. W. Darnell, an employee of the Mason Lumber Company, in Circuit Clerk J. B. Key's office Monday. The petition says that they were married September 8, 1903, and lived as man and wife until August 22, 1915, when he unceremoniously beat her and mistreated her. The plaintiff recites that he makes about \$100 a month at his business and asks that he be made to pay her alimony such as the court may see fit, and that he be restrained from doing her bodily harm. Hon. James M. Collins is her attorney.

The city council of Winchester at its last meeting fixed the tax rate at \$1.23 for this year, 12 cents lower than it was last year, and 32 cents lower than Maysville's rate. Wonder how they manage it up there?

Mr. Henry M. Pyles returned to his home in the county Friday after a week's visit with friends in Vanceburg, Ky., where he was formerly superintendent of city schools.

Mr. B. Overly, of Fleming county, was a business visitor here Monday. Mr. and Mrs. J. C. Bettis, of Sherburne, were in this city Monday shopping.

Mr. W. H. Sparks, produce man on East Second street, is confined to his room by an attack of acute indigestion.

HAITIANS PLANNING ATTACK ON AMERICAN BLUEJACKETS.

Cape Haitien, August 24.—The rebel chiefs are pressing a large army into service and an attack against American forces is considered to be imminent.

The naval and marine contingents established here by Admiral Caperton are barring all the roads and trails leading into the town and the outposts have been doubled.

A demand the American commander made upon the commander of the native rebels that he disarm his force and surrender immediately has been ignored.

Commander Olmstead, of the gunboat Nashville, is in charge of the American naval detachment. Aside from his own men he has a battalion of blue jackets from the battleship Connecticut ashore under his command.

The rebel leaders are Generals Bobo and Zamor. Even since the election of Senator Dargatzene as President of Haiti, the northern Haitian rebels under Dr. Bobo and General Zamor have been in open revolt against the constituted Haitian government, but this is the first occasion on which they have threatened the Americans, although the rebel chiefs under Bobo have been doing everything in their power to retard Commander Olmstead's administration of the civil affairs of this place.

For some time trouble has been expected, as the Zamor and Bobo factions, while not until now openly refusing to disarm, have used every pretext to evade surrendering their arms and ammunition.

The people of the country around Cape Haitien strongly favor Bobo for President, and it has been openly stated that they would rise and declare the election to be unconstitutional.

Up to now Commander Olmstead, under instruction from Admiral Caperton, has hesitated to penetrate into the interior and put down the ineffectual revolt, although the revolutionists have been very active in the isolated country districts, shooting being of almost nightly occurrence. Many persons have been killed or wounded during the rebel forays.

GALVESTON CLEANING UP; DEATH LIST TOTALS 257.

Galveston, August 24.—Although still without water and electric lights, Galveston today made further progress in cleaning up after the storm. Engineers reported today that divers had discovered that ninety-six feet of the submerged water main across the bay was missing. So far there has been no suffering for water in the city but the inconvenience is great. The list of dead in this vicinity was brought up to 287 today by the finding of another body on Galveston Island.

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Braicher, of this place, "and was down in bed for three months."

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

HID BEHIND VESSEL.

Liverpool, August 24.—According to survivors of the steamer Dunsley, torpedoed by the German submarine just before the White Star liner Arabic was sunk, the underwater craft hid behind the Dunsley's sunken hull to lie in wait for the larger vessel.

The survivors declare they had been ordered off their ship and were in lifeboats when the submarine concealed itself from the approaching Arabic.

It is stated that when the liner was close enough to make an attack possible, the submarine submerged, went around the Dunsley's stern and launched the fatal torpedo. The survivors say that the German boat, which came up alongside the Dunsley, bore no number.

No previous definite statement as to the fate of the Dunsley has come through London. It was announced that it had been torpedoed, but it had not been known whether she succeeded in reaching port with her passengers.

OUR PUBLIC FORUM

F. A. Vanderlip On The Business of Banking

The farmers of this nation to come into their own must study business. We must, as a class, understand the fundamental principles that underlie every industry, its functions to society and its relation to agriculture, for there can be no intelligent co-operation without understanding. Mr. F. A. Vanderlip, president of the National City Bank of New York, when asked "What is a Bank?" said in part:

"The first and most familiar function of a bank is that of gathering up the idle money of a community, small sums and large, and thus forming a pool or reservoir upon which responsible persons may draw as they have temporary use for money. It is evident that this makes large sums in the aggregate available for the employment of labor and the development of the community. But much more is accomplished than the use of the money actually deposited in the banks, for by the use of drafts, checks and bank notes the efficiency of money is multiplied several times over. A very large business, for example one of the great beef packers, may use very little actual money; on one side of its bank account will be entered the checks and drafts it is daily receiving from everywhere in payment for meats, while on the other side will be entered the checks it draws in payment for cattle, etc. Its only use of money being for small payments, to labor and otherwise.

"If there were but one bank in a community and everybody paid all bills by drawing checks on that bank, and everyone receiving a check immediately deposited it in the bank, the amount of money in the bank evidently would not change at all and the entire business of the community would be settled on the books of the bank. And the situation is but slightly changed when there are several banks, for they daily exchange among themselves all the checks they receive on each other, which practically offset themselves. Although the small balances are consolidated and the bank draws upon these accounts in supplying customers with the means of making payments away from home. As each local community sells and buys about the same amount abroad in the course of a year, these payments largely offset each other. It is evident that the banks are very intimately related to the trade and industry of a country. The banker is a dealer in credit much more than a dealer in money, and of course his own credit must be above question. He exchanges his credit for the credits acquired by his customers, and lends credit for their accommodation, but he must conduct the business with such judgment that he can always meet his own obligations with cash on demand. This is the essential thing about bank credit, that it shall always be the same as cash."

UNDER SEA SEVENTY HOURS.

Milan, August 24.—The Italian submarine Nerel, which the Austrians asserted they had sunk, has arrived safely at a port in the Adriatic, having escaped from the Austrian warships. Her crew suffered a nerve-racking ordeal through the fact that the Nerel was compelled to remain under water for seventy hours because of an accident to her machinery, the commander of the submarine and three men of her crew dying of exhaustion. The submerged men worked without rest for the seventy hours, at which time the repairs were completed and the vessel rose to the surface. She immediately headed for an Italian naval base. Two more of the crew died on the way to port.

For a great period of the seventy hours the imprisoned men were without food and were in complete darkness.

The Nerel when attacked by the Austrians, was compelled to sink below the waves in great haste owing to the superior forces arrayed against her.

ARE WOMEN NATURALLY DEPENDENT?

A prominent writer so claims. Women are constituted with a delicate organization and in nine cases out of ten mental depression may be attributed to an abnormal condition of the system, which expresses itself in nervousness, sleeplessness, backache, headaches, causing constant misery and as a result dependency. Lydia E. Pinkham's Vegetable Compound, a simple remedy made from roots and herbs, is the one great remedy for this condition. It goes to the root of the trouble and overcomes dependency.

Several hundred sheep have been shipped here from Greenup county and placed on farms in Lewis county. This is a pleasing fact, as our steep hills are so favorable for sheep husbandry. It is a pity that more farmers do not engage in the industry, as the profits are large.

The many friends of Mrs. Martha Redman sympathize with her not only in the loss of her beautiful home, but in the loss of its valuable contents. The late Mr. A. L. Redman was a gentleman of the old school and had accumulated many priceless relics, all of which were consumed by the remorseless fire.

Crops looking good, especially tobacco. If nothing happens to the weed in the future there is sure to be a fine

quality. The leaf is of a fine texture at present.

Mrs. Ida Hill returned to her home near Springfield, Ill., recently having been called here by the illness and subsequent death of her mother, which we mentioned a few weeks ago.

Visitors at Park Lake have been enjoying that resort the past week. Several cottages have been occupied. Several days ago Manager J. W. Dunaway killed a good-sized rattlesnake on the mountain road near the place. The reptile had ten rattles and a button and was killed in the same vicinity where Robert Harbeson killed on a year ago.

Mrs. Elsie Glaze, aged 85 years, died of the infirmities of age Sunday night, August 14, at the home of her son-in-law, Rev. D. C. Colgin, near Helena. The present season has been one of the wettest that has been known throughout this part for a long time, there being a bumper crop of corn and potatoes, together with plenty of weeds. About one-fourth of the potato crop is reported as being rotted in the ground.

This community was shocked a few days ago when news reached here that Lottie, the 18-year-old daughter of Fletcher Ingram and wife, who lived on Stockton, near here, had committed suicide at the home of Charles Peters, near Flemingsburg, where she was staying, by taking strychnine. Coroner Charles H. Compton was notified and he, accompanied by Squire Muse, hurried to the scene. A jury was summoned and several witnesses were sworn and there could be no cause assigned for this young woman's rash act. The verdict being death by suicide. She was a very beautiful and healthy girl, with a good home, plenty of friends, and a sunny and kind disposition. She had been in excellent spirits all day, chatting with her associates until about 4 o'clock, when she excused herself and going upstairs took a large dose of strychnine and coming down, died in great agony in twenty minutes. Her grief-stricken parents were notified and hurried to her corpse and are almost overcome over the sad and deplorable act. She was buried at Plummer's Landing, near her home.

This week is the closing week in the conference year of the M. E. churches in this city. The Reverends Will B. Campbell and J. W. Simpson go to Millersburg to attend their conferences, while the Reverends J. W. Litteral and A. F. Felts go to Latonia. The First Church, M. E., South, and the Third Street M. E. churches are expecting their pastors to be returned; the Second M. E., South, and Forest Avenue M. E., do not know just exactly what will be done.

The Christian church Sunday school enjoyed a rich treat in having the Messrs. Harris Malcolm Simon and Kelly with them. They furnished the music at both services. It was more enjoyable because Mr. Simon is a home boy. The Sunday school was one of the best this summer.

The union services were held in the Christian church and Rev. R. L. Benn preached the sermon from the text found in Isaiah 15:5. The attendance was excellent.

Messrs. Walter Worthington and Charles Wallingford of the Minerva and Helron M. E. South churches, were at the Second M. E. church, South Sunday night. Mr. Worthington is the lay leader of the Kentucky Conference. Their mission was to help raise the conference assessments. Mr. Worthington gave an interesting short talk and had an experience meeting.

AGED FARMER DIES.

Joseph E. Sherman, one of Mason county's most prosperous farmers, died at his home on the Mt. Carmel pike, east of this city, Monday morning after a short illness. Mr. Sherman was born in Germany in 1846 and came to this country at an early age, where he has ever since resided. He is survived by his wife and eight children, Henry, Joseph, George, John, Charles, Sherman, Mrs. William L. King, Mrs. Charles L. Sloop and Miss Frances, all of this county. The funeral will be held from St. Patrick's church, of which he was a devoted member, on Wednesday morning at 9 o'clock. Interment in the Washington cemetery. Friends of the family are kindly asked to tint flowers.

C. & O. PAYS BY CHECK.

Yesterday was pay day on the C. & O., and for the first time the new system of paying by checks was used. Formerly this road used to send the pay car over the divisions making stops at various stations and paying the employees in cash, but lately the check system was adopted and yesterday, W. W. Wilcox, who is the local paymaster under the new system, distributed the checks to the local employees. The C. & O. distributes about \$5,000 monthly in Maysville and vicinity.

'BETTY IN SEARCH OF A THRILL.'

Elsie Janis is hero depicted in a comedy written by herself and in her own vivacious manner drives home the pitfalls into which any inexperienced girl is apt to stray.

When Betty arrives home from the convent to visit her uncle's family, they are careful to hide all extreme low-neck gowns and other worldly things lest they shock the devout convent girl. Betty finds them and instead of shocking they fascinate. They instill in her a desire to know more about such things which the world contains. Therefore when Jim, (Owen Moore), a young bachelor, proposes to her, she frankly tells him she loves

him, but must see the world first. Angrily he leaves her as she sits before the quaint old fireplace, whose dramatic flames seem to paint wondrous pictures, which tempt her to a knowledge of things to her unknown.

Out into the world she goes. She learns, but she pays for her lesson with many a pain and heart-ache. Her experiences?—Thrills galore. At the vital moment, when Betty is about to faint dead away, Jim, the faithful, appears just in time to catch her in his arms.

What a relief then for Betty to awake and find it is all a dream. The warm hues the flames throw upon the leather panels of the beautiful room make her appreciate the full meaning of a home. Jim, coming in to plead his cause anew, has no trouble in convincing her that the world and its false pleasures are not what they seem.

This picture will be shown at the Washington Theater today, matinee and night.

JACKSON MEMORIAL HIGHWAY.

On Thursday, August 26, at 1:30 p. m. there will be a meeting of the Jackson Memorial Highway in Frankfort, and the importance of this meeting can not be overestimated, nor can there be too much said of the value of this highway to Maysville.

The highway will become one of the main arteries of trade between the north and south and Maysville is destined to be the point where the northern road joins the southern. There is no limit to the value of this to Maysville and Mason county. It will be worth just as much to us as we make it, and it is therefore of paramount importance that we send a delegation to Frankfort, which will in number and personnel be of the kind that does things and knows no let-up until the best has been accomplished.

Hon. C. D. Newell is the vice president for this community, and Hon. Stanley F. Reed will be one of the speakers at the meeting. Led by two such energetic citizens, our delegation should be able to accomplish much and so it will, if besides such real leadership it has the support of a united community given with that enthusiasm which spells success, no matter what the undertaking and no matter how unsurmountable the difficulties may at first appear. So call up Judge Newell and signify your willingness to go or to do all in your power to further the cause.

DEVEREAUX PLAYERS.

The Clifford Devereaux Players presented a revival of "Twelfth Night" on the campus of Columbia University, last Friday night to an enthusiastic if somewhat dampened audience. Just as Feste came down to the stage to sing his little song, the refrain of which runs, "For the rain it raineth every day," Jupiter Phylus immediately gave approval. Not a single member of the audience was frightened away, however, and soon the show-er ceased.

P. J. Kelly, as Malvolio, played with fine force and intelligence, while Grace Fisher was a winsome and graceful Viola. Lark Taylor and Reynolds Evans were excellent as Sir Toby Belch and Sir Andrew Aguecheek, and Clifford Devereaux was a sufficiently romantic Sebastian.

The remainder of the cast was as follows: Orsino, Joseph Sterling; Antonio, Wallace Brooks; a sea captain, Arthur Barney; Valentine, Walter Geer; Curio, Stephen Denby; Fabian, Charles F. Newsome; Feste, a clown, Frederick Kaufman; Olivia, Mary Ward Holton; Maria, Ruth Copley; officer, Maurice Robinson; Musielan, George Sharp.

On Saturday afternoon the players presented "As You Like It" and Saturday night an elaborate revival of "She Stoops to Conquer."—Dramatic Mirror, August 4, 1915.

Mr. G. W. Dye, of Canton, O., is attending the Germantown Fair.

Profit-Sharing With Retail Buyers

On August 1, 1914 we made the announcement that if we could make and sell at retail 300,000 Ford cars between August 1, 1914 and August 1, 1915 we would share profits with the retail purchasers, to the extent of from \$40 to \$60 on each car. We have sold over 300,000 Ford cars in the time specified, and profit-sharing checks of \$50 each will be distributed as rapidly as possible after August 15, 1915. Retail purchasers who have not yet mailed us their profit-sharing coupons, properly endorsed, should do so without delay.

Our plan to profit-share with retail purchasers of Ford cars during 1914-15 has been most successful. We thoroughly believe in it, but, realizing the uncertainty of conditions generally makes it advisable to defer any announcement of future profit-sharing until a later date.

We are however, confident of our inability to reduce costs for several months, and therefore can offer no profit-sharing for cars.
